

# Ramsbottom War Memorial Project

## New War Memorial Design Suggestions

The Ramsbottom War Memorial Project aims to raise £50K to replace the existing war memorial in the towns Memorial Gardens with a new larger one that will have the names engraved of over 500 fallen personnel from WW1 and WW2 who lived in Ramsbottom and surrounding villages.

We are inviting the public to submit a suggested design for the new 'Ramsbottom War Memorial'.

The best suggestions will be displayed locally for the public to view and also put onto our web site.

### **Our Brief is as follows:**

Design a new War Memorial to be located in the Memorial Gardens in Ramsbottom. It must be able to have the 500 names already found engraved upon it, also leaving space for any future names. As it is to be located within the conservation area of Ramsbottom it must be in keeping with the local surroundings. Accessibility for any disabled people to approach the memorial and touch the names on the memorial is very important.

### **Closing Date for Design Suggestions:**

Monday 8th January 2018

Please send any designs by the date above to:

Mr. M. Wiggam  
10 Lancaster Ave  
Ramsbottom  
Bury  
Lancs  
BL0 9QA

More details of our local community project can be found at:
